

ADULT EDUCATION ALUMNI STUDY

Congratulations Graduates!

COABE is conducting a national research study to showcase adult learner successes like yours and would like to invite you to participate. We are seeking former adult learners to complete short surveys twice per year. To thank you for participating, we will hold raffles for prizes after each survey.

Your Voice Matters—Help Shape the Future of Adult Education

What is the COABE Alumni Study?

COABE, the adult education national organization, is conducting a 3-year confidential study to learn more about the real impact of adult education. Throughout the study, you may occasionally receive very brief surveys about your journey after completing your program. Your information is fully confidential. Your answers will be combined with many others and will never be tied to your name. No personal information will ever be shared or sold.

Why Participate?

- ✓ Your voice creates change. Your experience helps improve programs and strengthens national advocacy for adult learners.
- ✓ Easy and flexible. Surveys are short and sent only once in a while.
- ✓ Prize drawings throughout the study! (up to \$1,000)
- ✓ You continue making an impact—even after graduation.

Grow with Google

COABE & Google have partnered to offer skills-building opportunities to COABE adult learners. Heather Engelhart, Google Scholar Mentor & Instructor, will guide you every step of the way.

COABE's collaboration with eCornell provides an exclusive opportunity to access over 20 online learning opportunities at no cost, with small cohort learning, and a prestigious certificate from Cornell University!

IBM SkillsBuild

IBM SkillsBuild is a free digital platform that connects adult learners with a curated path of job-focused learning. The platform has been customized for COABE so that our members can track their students progress as they make their way through the badges and credentials. Users will be able to showcase their badges and credentials on LinkedIn, their job transcripts, and resumes.
